Jakelia

Jakelia was a planet in the Jakelia system, located within the region of the galaxy known as the Outer Rim Territories, at the galactic grid coordinates O-7.[1] The homeworld of the Jakelian race, the planet Jakelia became a target of the Mandalorian Crusaders during their era of conquest. Rather than war against the Mandalorians, however, the Jakelians welcomed the Taung warriors and Jakelia willing became a Mandalorian world, one of the first to comprise Mandalorian space.[2]

Under the reign of Mandalore the Ultimate, the inhabitants of Jakelia were among the first non-Taung beings to be accepted into the Mandalorian clans as equals under the *Resol'nare*. Together with the legions of other Mandalorian converts, the Jakelians fought against the Galactic Republic during the Mandalorian Wars as members of the Mandalorian Neo-Crusaders.[2]

Long after the end of the Mandalorian Wars, Jakelia remained a Mandalorian world. Tuft-oak wood from Jakelia was used to furnish the halls of the *Coronet*, a luxury starship owned by Duchess Satine Kryze, the leader of the pacifist New Mandalorian faction by the start of the Clone Wars.[3]
